

Ranum Bubble - Questionnaire and Acceptance of Covid-19 guidelines

The questionnaire must be filled in and guidelines must be accepted by the student before the student can start at Ranum Efterskole College and the Ranum Bubble for Stranded UWC Students.

Student's full name:		
Name of parent/guardian, who will fill in the questionnaire and confirm acceptance of guidelines with the student.		
Who should we contact, if the student needs to be sent home:		
Name:	Phone (24hour):	Email:
Relationship with the student: (parent, guardian, grandparent, host family, etc.)		

Acceptance of Covid-19 guidelines prior to school start

Both student and parent(s)/guardian must accept following guidelines and requirements:

1. The student must not travel to Ranum if there is a risk of the student being COVID-19 positive.
2. On arrival at the Bubble the students must hand over a negative COVID-19 test, which is at most 72 hours old, to either the Ranum Houseparent or the UWC Houseparent.
3. If the student cannot produce a negative COVID-19 test on arrival, the student will be tested by Ranum and quarantined by the school until it is confirmed the student is COVID-19 negative.
4. The student must not enter other dormitories than his/her own until further notice.
5. The student must keep 1 meter distance to students NOT in his/her Covid-19 mini group.
6. The student must comply as far as possible with the applicable hygiene requirements for coughing/sneezing and hand hygiene.
7. The student must use a mask when a staff member so requests.
8. The student must participate in and take responsibility for the daily cleaning of rooms, surfaces, etc.
9. If a student is worried about / shows signs of infection with COVID-19, the student must put on a mask immediately, before seeking out an adult. Ranum will then evaluate whether to test the student.
10. The student must follow government COVID guidelines, including for public transport and public spaces*
11. If a student is infected with Covid-19, the student will be isolated and treated until a parent / guardian can come and bring the student home for treatment. The student must stay at home until a negative test can be produced. In case of infection, it is advised that you contact your travel insurance company immediately for support.

The student and parent/guardian agree and confirm that repeated or serious breaches of these guidelines may endanger other students/families/staff, and that Ranum Efterskole College may terminate the student's stay at Ranum as a result, in accordance with the applicable guidelines.

Before leaving Ranum to go back home or back to his/her UWC college, the student will probably need to be tested for Covid-19 within 72 hours of departure. This test can be organized by Ranum, but Ranum cannot assume additional costs in this relation.

*The school has masks, but we recommend that all students also bring personal masks and disinfectants with them for personal use.

RISK

ASSESSMENT - can the student be infected?

(Please mark with an X for your answer)

Yes___ / No___ Has the student/his family/close friends been sick with the Covid-19 virus?

Within the past 14 days has the student or persons in close physical contact with the student:

Yes___ / No___ travelled to high Coronavirus risk areas?

Yes___ / No___ been to demonstrations, festivals, sport games etc. where more than 200 people have gathered?

Yes___ / No___ been sick or shown signs of fever, cough, breathing problems, headaches etc.?

If you answer "Yes" to any of the above questions the students should not travel to Ranum before the student has tested negative for COVID-19.

Even if the student answers "No" to all of the above questions, the student must still be tested latest 3 days before travelling to Ranum, and only travels to Ranum once it is confirmed that the student is tested negative. Please email the COVID-19 test result to Ranum (bp@ranumefterskole.dk) prior to travel and bring a hard copy of the result to hand over to your houseparent on arrival.

If the student has answered "No" to all of the above questions, and it is impossible for the student to get a test, which will be less than 72 hours old on arrival at Ranum, then please get tested any way as close to your departure date as possible and send the test result to Ranum (bp@ranumefterskole.dk) prior to travel. The student will then be tested on arrival at Ranum and kept in isolation until a negative test result is available.

We approve by filling in and confirming this questionnaire the accuracy of the information provided above, as well as the following information:

Yes___ / No___ Has the student gone through the above rules and guidelines with an adult?

Yes___ / No___ Does the student understand and accept the above rules and guidelines?

Yes___ / No___ The student is aware that repeated or serious violations of the COVID-19 guidelines will put the school year, students and staff at risk of shutdown/quarantine periods, and that the school may, on that basis, discontinue cooperation with the student.

Date:

Students name: _____ **Signature:** _____

Parent(s)/guardian name: _____ **Signature:** _____

In case of questions, please contact Ms. Birthe Petersen (she/her) at bp@ranumefterskole.dk or call +45 9666 4400 within normal business hours (CET Monday -Thursday 8:30 - 16:00, Friday 8:30 - 15:00).
