# Our campus

Here is our Campus, we are a full year boarding school of around 450 learners. We have three boarding houses, Ranumhus, Kærhus and Seminarhus - which of these houses we use will depend on the number of participants. All houses provide a kitchen, multiple common/recreational areas and rooms/studios of 2 - 6 people.

# Nice to know – Rules & regulations 2021

## Social rules

### **Show consideration and take active part in the stay**

While at Ranum International Summer School and Camps everyone has a duty to show consideration to others and take an active part in the stay – this applies to participants of all ages. Our starting point is based on trust, openness and accountability. It is important that you recognize the rules – and follow them.

### **Bullying etc. will not be tolerated**

We expect social behaviour and a proper social tone. We do not tolerate bullying, harassment and discrimination. We also do not tolerate threats, violence, vandalism and theft. Violation of this will result in immediate repatriation. In addition, vandalism of the school's buildings or fixtures entails the obligation to pay compensation.

**Be nice to each other.** We treat each other properly and speak nicely to each other. We expect active participation.

**All scheduled education is compulsory.** We expect you to show up on time for the activities you have chosen – prepared and ready.

**Smoking, alcohol and drugs are prohibited.** The school is a smoke-free area – indoors as well as outdoors. No alcohol at school, in town or on the way to and from school. We do not tolerate drugs of any kind; violation of this rule will cause the participants programme to end - without refund.

**Sexual intercourse at the school is prohibited.** Violation leads to a conversation with the homes and can lead to repatriation. Visits to each other's rooms is temporarily not allowed due to Co-vid 19. Under normal circumstances students of opposite sex are allowed to visit each other's rooms between 10:00 and 22:00.

**Bedtimes:** The student must be in his/her room and get ready to go to bed at 22:00. At 22.30. It is allowed to be in bed with electronic equipment such as computer/mobile phone, provided this does not disturb other roommates. A teacher can remove this equipment if problems arise. The equipment is stored in the office, at the student's own responsibility and insurance until the next morning.

## COVID-19 Rules

*Of course, this is a situation that is always evolving and therefore it is hard to give concrete information that will stay relevant as we move closer to the start date of the programme. A full list of Co-vid rules will be given out 1 month before the start of the program 27<sup>th</sup> of May. Changes may be made after this, but information will always be communicated via the Email address provided on subscription.*

*There are nevertheless certain rules that we can be sure of at this time.*

**Negative test before arrival:** Participants attending from Denmark will be required to provide a negative test at a maximum of 72 hours before arrival. Although this is not mandatory in all organisations, we wish to ensure the safety of staff and other participants and this is a very good way of doing it.

For those of you travelling from abroad, you will undoubtedly be required to provide this test before travelling so this should not pose a problem. Currently, the requirement is 24 hours before departure. However, this may change. Please stay informed on the situation here: [COVID-19: Overview of guidance material and initiatives in the aviation area \(tbst.dk\)](https://tbst.dk/COVID-19/Overview-of-guidance-material-and-initiatives-in-the-aviation-area)

**Hygiene:** Participants must wash their hands/use the hand-sanitizer provided. Both, before and after eating

**Cleaning:** During this time, it is important to keep public spaces and rooms tidy and clean. Participants should tidy and clean rooms everyday around midday. This includes using the vacuum cleaner, dusting, cleaning the toilet and emptying the trash.

## Insurance/injury

In the case of injury or emergency, staff members will provide first aid care and transport to the nearest doctor/hospital if necessary. However, it is the participants own insurance that will cover expenses. If you are a Danish citizen then this would be your yellow card. For EU citizens this would be covered by the blue EU health card. For international participants we recommend you seek advice from your private insurance company for coverage. Expenses related to travel cancellations will not fall under the responsibility of the school.

## Cancellation policy

Cancellation can happen under 2 distinct circumstances:

- Those related to CO-vid 19
- Normal cancellation

Normal cancellation can be made at any time with no charge up until 1 month before the start of the summer Camps i.e. the 27<sup>th</sup> of May 2021. After this date a cancellation fee of 1000kr will apply up until 1 week before camp start i.e. 20<sup>th</sup> of June. After this date, no refund will be given for cancellation.

Concerning Co-vi 19 circumstances, cancellation of the program can happen at any time with no fee, provided that the cancellation is due to national travel restrictions in either the host country or Denmark for the duration of the program.

## CPR-Number

If you are a Danish Resident in accordance with the “højskoleloven” we will ask for you to provide your CPR-Number on arrival. This will only be used in the context of the school and will not appear publicly.
