

Practical info 2023

Our campus

Here is our Campus. Ranum Efterskole College (REC) is a Danish-International residential school of around 500 students, who come to study for our one year. We have five boarding houses, Ranumhus, Kærhus, Lien, Præstegården and Seminariehus – With Seminariehuset being the primary house for classes. All houses provide a kitchen, multiple common/recreational areas and rooms/studios of 2 - 6 people.

Nice to know – Rules & regulations 2023

Social rules, duties and obligations

Show consideration and take active part in the stay

While at Ranum International Summer School and Camps everyone has a duty to show consideration to others and take an active part in the stay – this applies to participants of all ages. Our starting point is based on trust, openness and accountability. It is important that you recognize the rules – and follow them.

Bullying etc. will not be tolerated

We expect social behaviour and a proper social tone. We do not tolerate bullying, harassment and discrimination. We also do not tolerate threats, violence, vandalism and theft. Violation of this will result in immediate repatriation. In addition, vandalism of the school's buildings or fixtures entails the obligation to pay compensation.

Be nice to each other: We treat each other properly and speak nicely to each other. We expect active participation.

All scheduled education is compulsory: We expect you to show up on time for the activities you have chosen – prepared and ready.

Smoking, alcohol and drugs are prohibited: The school is a smoke-free area – indoors as well as outdoors. No alcohol at school, in town or on the way to and from school. We do not tolerate drugs of any kind; violation of this rule will cause the participants programme to end - without refund. Furthermore, **sex** is not tolerated. Violation leads to a conversation with the homes and can lead to repatriation.

Visits to other rooms: The participants are allowed to visit each other's rooms between 10:00 AM and 10:00 PM. Outside of these times, participants are allowed to socialise and hang out in the common areas on the school premises.

Bedtimes: The student must be in his/her room and get ready to go to bed at 10:00 PM. At 10.30 PM it is allowed to be in bed with electronic equipment such as computer/mobile phone, provided this does not disturb other roommates. A teacher can remove this equipment if problems arise. The equipment is stored in the office, at the student's own responsibility and insurance. We expect all students to respect the need for rest after busy days, therefore violation of this rule will result in conversation with the home and can lead to repatriation.

Cleaning: All participants are required to keep their room and bathroom tidy and clean during their stay. This includes a final cleaning at the end of the programme, so that the room is ready for new participants. All participants will further be assigned to assist with cleaning of the common areas. The duties are an integrated part of the efterskole experience and the collective responsibility.

COVID-19 Rules

Of course, this is a situation that is always evolving and therefore it is hard to give concrete information that will stay relevant as we move closer to the start date of the programme. We strongly advise participants and parents to stay updated via [corona | covid-19 \(coronasmitte.dk\)](https://corona.ssi.ssi.dk/covid-19), where you will find latest developments and possible restrictions/requirements.

Hygiene: Participants must wash their hands/use the hand-sanitizer provided. Both, before and after eating

Cleaning: During this time, it is important to keep public spaces and rooms tidy and clean. Participants should tidy and clean rooms everyday around midday. This includes using the vacuum cleaner, dusting, cleaning the toilet and emptying the trash. There is an extra emphasis on cleaning due to corona.

Insurance/injury

In the case of injury or emergency, staff members will provide first aid care and transport to the nearest doctor/hospital if necessary. However, it is the participants own insurance that will cover expenses. If you are a Danish citizen, then this would be your yellow card. For EU citizens this would be covered by the blue EU health card. For international participants we recommend you seek advice from your private insurance company for coverage. Expenses related to travel cancellations or delays will not fall under the responsibility of the school.

Cancellation policy

Cancellation can happen under 2 distinct circumstances:

- Those related to CO-vid 19
- Normal cancellation

Normal cancellation can be made at any time with no charge up until 1 month before the start of the summer Camps i.e., the 2nd of July 2023. After this date a cancellation fee of 1000 DKK will apply up until 1 week before camp start i.e., 25th of June. After this date, no refund will be given for cancellation.

Concerning Co-vid 19 circumstances, cancellation of the program can happen at any time with no fee, provided that the cancellation is due to national travel restrictions in either the host country or Denmark for the duration of the program.

CPR-Number

If you are a Danish Resident in accordance with the “højskoleloven” we will ask for you to provide your CPR-Number prior to arrival. This will only be used in the context of the school and will not appear publicly.

Price policy

Please note that there is a cost difference between students with Danish cpr number and international students, who are not eligible for the Danish cpr number – the cost difference represents the state subsidies given to the school per cpr number and the administrative costs associated with international students.

Included in the program

All programmes at Ranum International Summer School and Camps include:

- Accommodation
- 3 main meals, refreshments and free access to fresh fruit every day
- Transport to and from the nearest train station and airport in Aalborg upon arrival and departure. (Pick up time will be sent via. e-mail in June)
